

TECHNICAL COLLEGE
OF THE LOWCOUNTRY

POLICY: Program Review
Number: 3.1.3

Responsibility: Academic Affairs
Last Updated: February 23, 2023
State Policy/Law:

Commission Chair

President

Program review is an internal evaluation process performed to address the quality and viability of a program in terms of student learning, service to the community, and alignment with institutional mission and goals. Program Reviews are useful in demonstrating accountability and making improvements based on assessment findings.

All programs will undergo a rigorous and systematic review at least once every five years.

Procedure:
3.1.3.1 Program Review
