President

It is the policy of the Technical College of the Lowcountry to allow a student to obtain a degree, certificate, or diploma in accordance with the curricular requirements in force at the time the student first enrolls under the published catalog in effect or current catalog.

Any student who has interrupted their enrollment at the Technical College of the Lowcountry for three or more consecutive semesters must submit an application to the Admissions Office. The student will be admitted to the College and be assigned catalog rights to the academic year of application.
