## Mathematics Peer Tutor – Beaufort Mather Campus

The mathematics peer tutor provides positive interaction and academic assistance to students as a means for the tutored students to gain greater understanding of mathematics course content and associated processes in an effort to improve these students' academic performance outcomes and self-confidence.

### Job Duties:

Peer mathematics tutoring includes but is not limited to:

- Assistance and guidance with the nuances of math course content
- Skill building techniques
- Appropriate calculator usage
- Critical thinking
- Student assistance may occur one-on-one or in small groups in the Beaufort Mather Campus Tutoring Center.

### Special Skills Required:

The mathematics peer tutor candidate must have an overall 3.0 GPA with an "A" or "B" in all designated mathematics courses. A written recommendation from a full-time TCL mathematics instructor is also required.

Federal Work Study position pay up to \$15 per hour and are approved to work a maximum of 15 hours per week.

If you are interested in applying for this position please complete the [Federal Work Study Application](#).
